

THE BRIEF

“We need a cocktail event for 600 to celebrate the merger of several companies for next Tuesday please. We’d like canapes for 2 hours with a beverage service, some relaxed seating, plants and colours themed to the company colours”.

THE CHALLENGE

With no lead in time we had to move double quick!

OUR SOLUTION

We provided our quote within hours, selecting canapes from our menu that we know are crowd-pleasers for this industry. We included lounge furniture and palms to give some informal seating spaces along with bar leaners in the company colours.

Guests arrived to a wide aisle of 14 waitstaff with beverage trays of champagne which created a glamorous celebratory feeling. As the event got underway and with the formalities over the guests relaxed into the lounge spaces and really got to know each other.

FEEDBACK
